

Sports Premium Analysis 2017-2018

The sports premium money is issued to schools by the Department for Education to improve the provision of sport and PE in a sustainable way, and this fund is only to be spent on Sport, PE and well-being projects.

The outcomes of the sports premium money for our children at John Hellins are:-

- Increased access to excellent quality PE lessons, by dedicated coaches trained in specific fields.
- Physical exercise to become an increased part of the children's normal daily routine.
- A broader range of sports and activities offered such as Goal Ball and Gymnastics.
- Increased participation in cluster and Level 3 sports.

The lead staff member who oversees the sports funding in John Hellins is Jodie Matthews the Head Teacher.

Sport premium allocation for 2017-18 to John Hellins Primary was £17,210.

In the Year 2017-18 87% of our pupils in Year 6 could swim 25 metres as required by the National Curriculum.

Details of how the sports funding is spent can be seen below.

Amount	Type of use	Intended impact	Actual Impact
£3000	Construction of a Well-being Centre and implementation of increased health and wellbeing interventions	To provide a safe and calm environment to complete well-being activities.	Too early to assess as not yet fully functional.
£1261	Specialist PE coaching from Pacesetter, Allstars and Primary Ed.	To ensure that children have high quality coaching in sports such as dodegball, gymnastics and athletics.	We have attended 4 Pacesetter Games competitions and have won three of them and came runners up in the other.
£2999	Lunchtime sports leader and play leaders – provided by Next Generation Sport and dedicated JH staff	To provide support to children at lunchtime by arranging games and sports activities, reducing accidents and friendship issues.	After the introduction of the structured activities over 60 children regularly interacted with the coaches on a daily basis, completing a range of physical activities.
£700	Archery Set	To introduce a new sport to a wider audience, with activities for both genders and children with SEN.	Too early to assess as only just purchased
£1243	Sports Partnership agreement with Neil Balliston and EWS between April - Aug 2017	To coordinate and provide a greater range of Level 2 sporting events in the cluster.	More events have been attended. More Year groups have been involved in sporting competitions. A greater variety of sports have been included. All Year %s trained rather than just sports leaders.
£70	Hire of resources	To complete in a greater variety of level 2 cluster sport competitions	Year 2 children experienced the sport of curling, and then have gone on to complete a further unit of work on Curling.

£60	Coach in to train children on Capoeira martial arts	For children to understand the culture of Brazil more.	Children had an excellent interactive session, learning music, songs and movement which was very enjoyable.
£200	Class 4 trip to Saints Study Centre	For children to understand how a premiership rugby team is run	An excellent trip was had by all, learning about how elite athletes train and the management of a Premiership rugby club.
£715	Refurbishment of Gym equipment	To ensure all the equipment is in working order and allowing the gymnastic coaches full access to everything.	The equipment gets lots of use, including an afterschool gymnastic club, that is very popular has a waiting list to join.
£120	Resources for Health and Wellbeing sessions	To provide the resources to assist the teachers in delivery of well-being sessions	Numerous children have the opportunity with a trained adult to discuss their feelings and emotions, which in turn helps with their overall wellbeing.
£6842	Carried forward into 2018/19		
£17,210	Total		

Impact of expenditure

- The school has established a wide range of afterschool sports clubs which are very popular with a large amount of our children, in fact 74% of children attend at least one of these clubs, this was 49% before Sports funding was introduced. This is in partly is due to the strong relationships built up with the sports coaches during school sessions, which causes the children to want to participate in the after school activities those coaches conduct. The available clubs are reviewed and updated termly ensuring all children are given a variety of clubs that they would like to try.
- Our sports leaders provide a lunchtime provision that connects with over 60 children each lunchtime. The lunchtime sports leader role will continue to be developed, and adjusted as the needs of the children develop.
