

Maths

Objectives to be covered this term

- To know how to count in groups of 10's.
- To know how to count in equal groups of 2, 5 and 10.
- To know sharing as a model of division.
- To know how to describe position, direction and movement including whole, half, quarter and three-quarter turns.
- To know how to count forwards and backwards within 100.
- To know the value of different currency of coins.
- To know how to tell the time to the nearest hour on an analogue clock.
- To know how to find half of a shape.

Ways to help at home

- Continue to practise reading numbers up to and past 100.
- Continue to practise writing numbers from 0—50 in numerals and words.
- Use objects to support with adding, subtracting and dividing.
- Organise toys or cubes into groups of 2s 5s and 10s.
- Look at the time on different clocks/devices to show 24hour and analogue times.
- Find half of different items such as a chocolate bar, pizza an apple. How do we know it is half?
- Look at money and the different values each coin holds

Key Vocabulary

Our topic for the Summer term is 'Into the Jungle'. We will launch the topic by looking at the different seasons, and to describe the weather within these seasons. We will be looking at what weather can occur in multiple seasons. The children will also be looking at famous people who have contributed to significant achievements from different periods of time such as Charles Darwin and Dr Livingstone. We will be learning key words related to this, so you can help at home by helping your child read and recognise them.

Jungle	Asia	Ocean	Equator	Art movements
Animals	Antarctica	Europe	Weather	Climate
Charles Darwin	Australasia	North America	Dr Livingstone	Map
Africa	Atlas	South America	Modern art	Temperature

Summer Update Newton Class

Spellings and Phonics

We will be learning all of the sounds from phase 5 and revising these on a regular basis. You can find a copy of the phase 5 sound mat using the link below.

<https://www.johnhellins.co.uk/attachments/download.asp?file=477&type=pdf>

Please help your child by reading the sounds and tricky words on their sound mat. You will find this in your child's bookbag.

Homework

Homework will be provided for all KS1 children on a half termly basis and this will be sent home on a Monday. Your child will have two weeks to complete the homework. This homework will be revision of work covered in class. In addition to this, please read with your child as often as you can and record this in their 'We Love To Read' book and help them with their phonics.

PE

PE will be taught every week. Please ensure your child's kit is at school every day. Your child will return the kit at the end of every half term for washing.

English

Objectives to be covered this term

Writing

- Use phonic knowledge to spell simple words.
- Write some common exception words.
- Re-read sentences to check they make sense.
- To know how to form capital letters correctly.
- To know that equal spaces are left between words.
- To know how to write in chronological order.

Reading

- Read and understand simple sentences.
- Use phonic knowledge to read words accurately.
- Read some common irregular words.
- Read words with contractions, such as **it's** and **I'm**
- Demonstrate understanding when talking with others about what they have read.

Speaking

- To be able to participate in discussion about what is read to them, taking turns and listening to what others say.
- Develop own stories and explanations by connecting ideas or events.

To help at home, you can look for words children can decode around the environment. You can also involve children in writing cards, lists and notes around the house. At school, we talk about recommended reads, so encourage your child to say why they would suggest a book to their friends. If you would like a recommended online tool for learning to read and write, I would suggest the app, Night zookeeper.
