

Curie Class - Project Planning –
Extreme Environments!

Spring 1

W/C 08.01.24 **ATOMIC SCIENCE VISIT**

Music – To know how to play a tuned instrument (Ukulele)

Science – To know common appliances that run on electricity. To know a circuit is a pathway that electricity can flow around

Geography – To know the locations of a variety of countries and compare their climates.

Music – To know how to improvise and compose a piece of music to recreate a sound

W/C 15.01.24

Music – To know how to play a tuned instrument (Ukulele)

Science – To know the basic parts of a simple series electric circuit. (Cell or battery, bulb, buzzer, wires, motor and switch), including their purpose.

Geography – To know the geographical similarities and differences between Greece, Canada and Brazil.

Music - To know how to use untuned percussion instruments to create effective sounds.

W/C 22.01.24

Music – To know how to play a tuned instrument (Ukulele)

Science - To know a series circuit is where the components are connected in a loop: Electricity flows through each component in a single pathway.

Geography- To know the geographical similarities and differences between Greece, Canada and Brazil.

Music – To know how to describe sounds using musical vocabulary

W/C 29.01.24

Music – To know how to play a tuned instrument (Ukulele)

Science - To know a switch opens and closes a circuit and associate this with whether or not a lamp lights in a simple series circuit.

Geography- To know where Oymyakon is and investigate why it is so cold

Art – To know that fauvism is an art movement

W/C 5.02.24

Music – To know how to play a tuned instrument (Ukulele)

Science – To know a conductor of electricity is something that lets electricity flow through it and to know some materials that are conductors.

Art – To know that fauvism is an art movement

Geography- To know where Oymyakon is and investigate why it is so cold

RE – To understand if joining the Khalsa makes a person a better Sikh To understand why Sikhs think it is important to share.

To know where and how Sikhs worship.

W/C 12.02.24 **DT DAY – Design/make shelter**

Music – To know how to play a tuned instrument (Ukulele)

DT - To know which tools are used for practical tasks; cutting, joining, shaping and finishing.

Science - To know an insulator of electricity is something that doesn't let electricity flow through it and to know some materials that are insulators.

Art – To know the importance of scale and proportion in art.

Geography – To know the names and sources of digital maps
