

Project Planning – Rainforests and our planet

Einstein Spring 1

W.C. 8/1/24

Superb starter – orienteering day, maps and atlases, compass points.

Geography To know the eight points of a compass and identify when it can be used.
To know why four grid references and ordnance survey maps are used.

Computing To know how to use technology safely, respectfully and responsibly.

W.C 15/1/24

Geography

Where are rainforests located?
Continents, countries, equator, tropics, oceans and rivers. To know why four grid references and ordnance survey maps are used. River study – The Amazon river.

W.C 22/1/24

Science – Plants

To identify and describe the functions of different parts of flowering plants: roots, stem/trunk, leaves and flowers.
To explore the requirements of plants for life and growth (air, light, water, nutrients from soil, and room to grow) and how they vary from plant to plant.

W.C 29/1/24

Science – Plants

To investigate the way in which water is transported within plants.
To explore the part that flowers play in the life cycle of flowering plants, including pollination, seed formation and seed dispersal.

W.C 5/2/24

RE DAY To understand who is a Sikh and what they believe in.

Music To know how to recreate sounds using untuned percussion instruments.
To know about Brazilian musicians and music. To know how to evaluate a performance.

Mix it up middle -have a concert for another class – share our creations

W.C 12/2/24

Music To know how to recreate sounds using untuned percussion instruments.
To know about Brazilian musicians and music.
To know how to evaluate a performance.

Art - To know how to create a sketchbook. To know that different pencils leave different marks.
