

Project Planning – Space and the Final Frontier

Hodgkin Spring 1

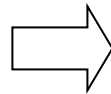

WC 05.01.26 4 days

Art – To know that Post-Impressionism is an art movement

Science – To know Mercury, Venus, Earth and Mars are called the rocky planets, and the others are made up of gases

Starter – DT day. Teamwork, designing and constructing a **moon buggy**. (DT objectives)

Music – To know about Gustav Holst and the planets

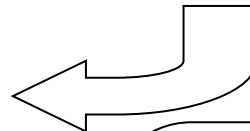

WC 12.01.26

Art – To know that Post-Impressionism is an art movement

Science – To know the moon orbits the Earth in an oval shaped path whilst spinning on its axis

Music – To know about Gustav Holst and the planets

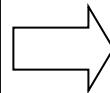

WC 19.01.26

Art – To know which pencil to use for precision drawing (drawing).

Science – To know and describe the movement of the Earth and other planets relative to the sun in the solar system.

Geography – To know the processes of the water cycle.

DT - To know how technology is used to shape the world of design technology.

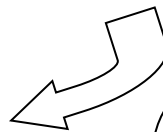

WC 26.01.26

Art – To know the concepts for drawing perspective (horizon line, vanishing points).

Science – To know the sun doesn't move across the sky, but it appears to because of the Earth's movement.

Geography – To know the processes of the water cycle.

Computing - To know how to design and debug a program that accomplishes a specific goal.

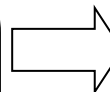

WC 02.02.26

RE – To understand how far a Sikh would go to worship and show their commitment to their religion.

Science – To know and be able to explain Earth's rotation and orbit.

Art – To know the importance of scale and proportion in artwork.

Music – To know about musical notation and the names of notes. To know musical language & be able to use this when describing & analysing pieces of classical music.

WC 09.02.26

Science – To know and be able to explain Earth's rotation and orbit.

Art – To know that pattern is an artwork, to understand that pattern can be manmade or natural.

Computing - To know how to use Scratch collaboratively, with increasing confidence.
